

## Downtown Construction Activities

*Proposed work activities for the week of May 9<sup>th</sup>, 2021*

- The contractor at the Generals Bridge project will continue installing new rebar cages along the existing concrete wall at the MBTA tracks along Thomas Burgin Parkway.
- At the McConville Way project the contractor will continue construction of the north and south streetscape aside the new roadway. The streetscape work includes the continued installation of trees within the planter curbs, tree grates, wooden benches, concrete sidewalks, brick pavers, and roadway signage. At the future pocket parks, the contractor will continue installing park granite curbing, concrete mud mat, park pavers, park trees, granite blocks at future water feature, new sod, and bike racks/trach receptacles. The contractor will continue replacing the existing concrete sidewalk at the corner of the Hancock St and Cliveden St. There remains a temporary pedestrian detour adjacent to the work area between the temporary fencing and jersey barriers. Pedestrians should use caution when using the temporary ramp from the sidewalk to the walkway area. This detour will be in place for the next few weeks. Lastly, the contractor will be pouring a new concrete apron at the garage entrance to Cliveden Place on Wednesday morning.
- The demolition of the 100 Parking Way building will continue this week. The contractor will continue removing the old concrete foundation and continue backfilling the old building footprint. Temporary fencing remains in place around the old building area during construction. There remains no parking along McConville Way and Parkway.
